

# **Bio-Solutions Corp. Announces the Nomination of a prestigious Member to its Advisory Committee.**

Montréal, Canada, November 24, 2009. Bio-Solutions Corp. (BISU, OTC:BB), is pleased to announce the nomination of a prestigious member to its advisory committee.

“We are very proud that Mr. Diallo has accepted to join our advisory committee as council. Mr. Diallo was a former executive secretary of the United Nation Organization. His extensive experience and his highly valuable network at an international scale he has built throughout his career will help us speed up our process in our target market. Mr. Diallo has held several diplomatic functions in many countries such as China, India and Japan,” said Dr. Chaumillon.

“All social and economic development aspects in Africa have been a constant primary concern throughout my 35 year career. I am very proud to be involved in the Malaria plague struggle in several African countries. Bio-Solutions Corp. innovative approach will successfully improve the well-being of African people especially children who are severely affected by this disease in many countries,” quoted Mr. Diallo.

Malaria is prevalent in 109 countries around the world and approximately 500 million people are infected of which 1.2 million die each year.

Malaria is one of the top priorities of the World Health Organization. Bio-Solutions Corp. focuses on effective biological products, safe for the environment and safe for people, together with professional services.

Mr. Diallo has been elected to the National Assembly of Burkina Faso in 2007 and is currently the Fifth Vice-President of the National Assembly. Mr. Diallo was the Executive Secretary of the United Nations Convention to Combat Desertification from 1996 to 2007. Prior to this, he was the Special Representative of the Secretary General of the United Nations Conference on Environment and Development (UNCED) during the preparations for the Rio Summit. He was also in charge of the preparatory process for UNCED in Africa. Previous to his UN activities, Mr. Diallo served 24 years as a top official in the state and foreign ministries of Burkina Faso. In 1983, he became Minister of Foreign Affairs. From 1988 – 89 he served as Ambassador of Burkina Faso to China, India and Japan.

## Forward-Looking Statements

This press release contains forward-looking statements made pursuant to the safe harbour provisions of the U.S. Securities Litigation Reform Act of 1995. Forward-looking statements involve known and unknown risks and uncertainties, which could cause the Bio-Solutions' actual results to differ materially from those in the forward-looking statements. Such risks and uncertainties include, among others, the availability of funds and resources to pursue R&D projects, the successful and timely completion of studies, the ability of the Company to take advantage of business opportunities in the biotechnology industry, uncertainties related to the regulatory process and general changes in economic conditions. Investors should consult the Company's quarterly and annual filings with the U.S. securities commissions for additional information on risks and uncertainties relating to the forward-looking statements. Investors are cautioned not to rely on these forward-looking statements. The Company does not undertake to update these forward-looking statements and disclaims any obligation to update any such factors or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future results, events or developments, except if we are requested by a governmental authority or applicable law.
